Education

University of Monastir, BS in Computer Science

Sept 2023 – June 2026

- Currently in second year, progressing to third year
- **Relevant Coursework:** Object-Oriented Programming, Data Structures, Algorithms, Software Engineering, Web Development

Projects

Kahdemni - ATS-Friendly CV Creator

GitHub Repository

- Developed a comprehensive web application that helps users create ATS-friendly CVs from scratch or grade existing CVs
- Collaborated with a team to design the user interface using Figma, ensuring optimal user experience
- Implemented backend functionality using Supabase for data management and user authentication
- Built responsive frontend using Angular framework with modern design principles
- **Technologies Used:** Angular, Supabase, Figma, TypeScript, HTML/CSS

Personal Portfolio Website

GitHub Repository

- Designed and developed a personal website showcasing advanced CSS animations and interactive elements
- Implemented complex animations and transitions to create an engaging user experience
- Focused on responsive design and modern web development best practices
- **Technologies Used:** HTML5, CSS3, JavaScript, Bootstrap

Flight Booking Desktop Application

GitHub Repository

- Built a desktop application for flight booking system demonstrating core programming fundamentals
- Implemented all four pillars of Object-Oriented Programming (Encapsulation, Inheritance, Polymorphism, Abstraction)
- Designed user-friendly interface with comprehensive booking functionality
- **Technologies Used:** Java, JavaFX/Swing

Technical Skills

Programming Languages: Python, Java, C, C++, C#, JavaScript, TypeScript, SQL

Frameworks & Libraries: Angular, Bootstrap

Tools & Technologies: Git/GitHub, Supabase, Figma, HTML5, CSS3

Development Areas: Web Development, Desktop Applications, UI/UX Design, Database Management

Objective

Computer Science student seeking internship or entry-level opportunities to apply programming skills and contribute to innovative projects. Passionate about software development with hands-on experience in full-stack development, desktop applications, and collaborative team projects.
